## L09: More TCP

### Wireshark Capture

Use the following capture to answer the qanda: [L10-tcp-download.pcap](#) [\\_ \(https://429.scrivnor.cikeys.com/L10-tcp-download.pcap\)](https://429.scrivnor.cikeys.com/L10-tcp-download.pcap).

The capture contains a bulk data transfer.

### qanda

1. Is the bulk transfer likely an upload or a download? Explain your reasoning.
2. Complete the following table (show work for sRTT):

segment no.	length	seq no.	sent at	ack'd at	RTT	sRTT
1	62	232129012	0.0000	0.023172	0.023172	0.023172
